Dear Mr. Marchionne:

City leaders recently delivered to your office a proposal to keep production of the Jeep Wrangler in Toledo. The proposal represents months of collaboration, creative thinking, hard work, and a significant financial commitment. It is a testament to how seriously Toledo takes its relationship with Chrysler and how dedicated it is to remaining the home of the Wrangler.

Toledo workers are second to none in their knowledge, skill, and work ethic. They take great pride in building stellar vehicles, and they have rightly earned recognition as one of North America's most productive assembly plants.

Toledo and Jeep go together, and the community and its workers have shown they are ready to build the next generation Wrangler. I urge you to keep the Wrangler in Toledo, where it belongs.

Sincerely,

Sherrod Brown
