

UNITED STATES SENATE
WASHINGTON, DC 20510

SHERROD BROWN
OHIO

January 19, 2017

President-Elect Donald J. Trump
Presidential Transition Headquarters
1800 F Street, NW, Room G-117
Washington, D.C. 20270

Dear President-elect Trump:

Thank you for your response to my letter on trade. I appreciated the hand-written note, and I look forward to listening to your inaugural address tomorrow.

I strongly support your commitment to 'Hire American, Buy American.' I will be introducing legislation on your first day in office to apply Buy America standards to all federal construction, public works, and infrastructure projects. If American taxpayers are paying for it, it should be built with American iron and steel.

I know you share this view, and, as President, I hope you will make expanding and strengthening Buy America preferences a 100 Days priority. I stand ready to work with you to support our iron and steel manufacturers and their workers.

Sincerely,

Sherrod Brown
United States Senator

*Here is my legislation. Hope
we can work together*
